### ***Allowable Subject Matter***

1. Claims 1-29 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

There is no prior art that shows the claimed lasso or connector having at least opening there through to define a closed loop with an effective diameter & the cable has a "U shaped configuration" with a base and first and second legs which each project through the at least one opening and the closed first loop as having a diameter that is variable by sliding the flexible cord through the at least one opening. The first free end of the flexible cord is directed through the closed first loop with the flexible cord remaining slidable through the at least one opening such that the diameter of at least the closed loop can be varied as the first free end of the flexible cord is directed through the closed first loop.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
